

SOCIETY FOR PEDIATRIC SEDATION SPS SEDATION PROVIDER COURSESM

August 24-25, 2018

Friday 1:00-6:00 pm and Saturday 7:00-11:00 am

For PHM Fellows Only

Primary Children's Hospital Simulation Center
81 North Mario Capecchi Drive
Salt Lake City, Utah

**Texas Children's
Hospital[®]**

This live activity has been planned and implemented in accordance with the accreditation requirements and policies of the Texas Medical Association through the joint providership of Texas Children's Hospital and the Society for Pediatric Sedation. Texas Children's Hospital is accredited by the TMA to provide continuing medical education for physicians. Texas Children's Hospital designates this live activity for a maximum of **7.5 AMA PRA Category 1 Credit(s)[™]**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

*Providing practitioners
with the knowledge,
competencies and tools
to promote high quality
procedural sedation
to children.*

Meeting Information

Target Audience

The target audience for the SPS Sedation Provider Course® includes health care providers who have clinical experience in the area of pediatric sedation and who desire to enhance their knowledge and clinical competency in the field. This group includes physicians, nurses and advance-practice nurses involved in the field of pediatric sedation.

Statement of Need

This course is designed to meet the needs of the sedation provider seeking both practical (simulation) training and didactic content focused on patient selection, patient safety, pharmacology and the management of common adverse events. As significant adverse events are rare, this "hands-on" model of training is especially pertinent.

Purpose

Participants will gain clinical skills and a deeper understanding regarding issues related to the assessment of sedation patients, development of a sedation plan, recognition and management of both common and life-threatening adverse events in sedation practice and sedation pharmacology. This course is designed to provide practitioners with the knowledge, competencies and skills that promote safe and effective high-quality procedural sedation to children.

**PROGRAM LIMITED TO
12 PARTICIPANTS**

SPS Sedation Provider Course® Objectives

The goal of the provider course is to provide practitioners with the knowledge, competencies and tools to promote high quality procedural sedation to children. Upon successful completion of this course, the registrant should be able to:

1. Perform a pre-sedation risk assessment;
2. Describe the effects of sedation on airway control and respiratory drive;
3. Explain the principles of and interpret the information from pulse oximetry and capnography;
4. Define, diagnose and treat adverse airway and cardiopulmonary events during sedation;

5. Demonstrate knowledge of the pharmacology and uses of common sedative drugs;
6. Demonstrate hands-on critical competencies related to sedated pediatric patients including all aspects of airway management, ventilation, resource management, and appropriate use of resuscitative measures; and
7. Develop a systematic and rational approach to pediatric sedation.

Program • Primary Children's Hospital Simulation Center • Salt Lake City, UT

Friday, August 24, 2018, and Saturday, August 25, 2018

Simulation Session Topics

- Presedation
- Non-complicated Sedation
- Apnea
- Upper Airway Obstruction
- Laryngospasm
- Cardiovascular Changes
- Invasive
- Non-invasive

Lecture and Small Group Session Topics

- Monitoring/Safety/Postsedation
- Airway
- Non-Pharmacologic Small Group Session
- Tailoring Sedation Lecture
- Presedation/Sedation
