

# SPS SEDATION PROVIDER COURSE®

*Precourse to PHM 2019*

**July 24, 2019**

**University of Washington School of Nursing  
Warren G. Magnuson Health Sciences Building**

1959 NE Pacific St.  
Seattle, WA 98195

Registration fee: \$549 early (by July 3)  
\$649 late (after July 3)

**Texas Children's  
Hospital®**

This live activity has been planned and implemented in accordance with the accreditation requirements and policies of the Texas Medical Association through the joint providership of Texas Children's Hospital and the Society for Pediatric Sedation. Texas Children's Hospital is accredited by the TMA to provide continuing medical education for physicians. Texas Children's Hospital designates this live activity for a maximum of **6.5 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

*Providing practitioners  
with the knowledge,  
competencies and tools  
to promote high quality  
procedural sedation  
to children.*

# Meeting Information

## Target Audience

The target audience for the SPS Sedation Provider Course® includes health care providers who have clinical experience in the area of pediatric sedation outside the operating room and who desire to enhance their knowledge and clinical competency in the field. This group includes physicians, dentists, nurses, advance-practice nurses and hospitalists in training.

## Statement of Need

This course is designed to meet the needs of the sedation provider seeking both practical (simulation) training and didactic content focused on patient selection, patient safety, pharmacology and the management of common adverse events. As significant adverse events are rare, this “hands-on” model of training is especially pertinent.

## Purpose

Participants will gain hands-on experience, critical thinking skills and a deeper understanding regarding issues related to the assessment of sedation patients, development of a sedation plan, recognition and management of both common and life-threatening adverse events in sedation practice and sedation pharmacology. This course is designed to provide practitioners with the knowledge and skills that promote safe and effective high-quality procedural sedation to children.

**PROGRAM LIMITED TO  
24 PARTICIPANTS**

## SPS Sedation Provider Course® Objectives

The goal of the provider course is to provide practitioners with the knowledge, competencies and tools to promote high quality procedural sedation to children. Upon successful completion of this course, the registrant should be able to:

1. Perform a pre-sedation risk assessment effectively;
2. Describe the effects of sedation on pediatric airway tone and respiratory physiology
3. Explain the principles of and interpret the information from pulse oximetry and capnography monitoring;
4. Diagnose and manage adverse airway and cardiopulmonary events during sedation;
5. Demonstrate knowledge of the pharmacology and uses of common sedative/analgesic drugs;
6. Demonstrate hands-on critical competencies related to sedated pediatric patients including all aspects of airway management, ventilation, resource management, and appropriate use of resuscitative measures;
7. Describe effective teamwork dynamics and communications skills required by pediatric sedation teams; and
8. Develop a systematic and rational approach to pediatric sedation.

## Program

### University of Washington School of Nursing

7:30-8:00 am	Registration and Breakfast	12:30 - 1:00 pm	Lunch
8:00-8:30 am	Introduction to Course	1:00-2:30 pm	Third Simulation Session: Advanced Airway (30 minutes) and Tailoring Sedation (60 minutes)
8:30-9:00 am	Introductory SIM		
9:00-10:30 am	First SIM Session: Basic Airway	2:30-3:00 pm	Break
10:30-11:00 am	Break	3:00-4:00 pm	Testing/Written Examination
11:00 am-12:30 pm	Second Simulation Session: Advanced Airway (30 minutes) and Tailoring Sedation (60 minutes)
