

SPS SEDATION PROVIDER COURSE[®]

Precourse to PHM 2020

July 22, 2020

**AdventHealth
Nicholson Center**

404 Celebration Place
Celebration, FL 34747

Registration fee:
\$699/\$745

Providing practitioners with the knowledge, competencies and tools to promote high quality procedural sedation to children.

**Texas Children's
Hospital[®]**

This live activity has been planned and implemented in accordance with the accreditation requirements and policies of the Texas Medical Association through the joint providership of Texas Children's Hospital and the Society for Pediatric Sedation.

Texas Children's Hospital is accredited by Texas Medical Association to provide continuing medical education for physicians.

Texas Children's Hospital designates this live activity for a maximum of 7.5 *AMA PRA Category 1 Credits[™]*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Meeting Information

Target Audience

The target audience for the SPS Sedation Provider Course® includes health care providers who have clinical experience in the area of pediatric sedation outside the operating room and who desire to enhance their knowledge and clinical competency in the field. This group includes physicians, dentists, nurses, advance-practice nurses and hospitalists in training.

Statement of Need

This course is designed to meet the needs of the sedation provider seeking both simulation-based training and online educational content focused on patient selection, patient safety, pharmacology and the management of common adverse events. As significant adverse events are rare, this “hands-on” model of training is especially pertinent.

Purpose

Participants will gain hands-on experience, critical thinking skills and a deeper understanding regarding issues related to the assessment of sedation patients, development of a sedation plan, recognition and management of both common and life-threatening adverse events in sedation practice and sedation pharmacology. This course is designed to provide practitioners with the knowledge and skills that promote safe and effective high-quality procedural sedation to children.

**PROGRAM LIMITED TO
24 PARTICIPANTS**

SPS Sedation Provider Course® Objectives

The goal of the provider course is to provide practitioners with the knowledge, competencies and tools to promote high quality procedural sedation to children. Upon successful completion of this course, the registrant should be able to:

1. Perform a pre-sedation risk assessment effectively
2. Describe the effects of sedation on pediatric airway tone and respiratory physiology
3. Explain the principles of and interpret the information from pulse oximetry and capnography monitoring
4. Diagnose and manage adverse airway and cardiopulmonary events during sedation
5. Demonstrate knowledge of the pharmacology and uses of common sedative/analgesic drugs
6. Demonstrate hands-on critical competencies related to sedated pediatric patients including all aspects of airway management, ventilation, resource management, and appropriate use of resuscitative measures
7. Describe effective teamwork dynamics and communications skills required by pediatric sedation teams and
8. Develop a systematic and rational approach to pediatric sedation.

Included with Registration

Registration for this course includes breakfast, lunch and a \$50 voucher toward SPS membership for one year. Registration also includes the Online Learning Module Package:

- SPS Sedation Provider Course® Syllabus (available online only)
- Five interactive case-based modules
- Pre-Test Online Assessment
- Post-Test Online Assessment (including immediate feedback)

Prior to the course date, all participants will be given an access code to complete the Online Learning Module Package which will be available to you for one year from the activation date. **Participants are required to complete the online modules prior to the live course date.**

Program • Advent Health Nicholson Center • Celebration, FL

0730 – 0800	Registration &. Breakfast	1100 – 1230	Second Simulation Session Tailoring Sedation
0800 – 0830	Introduction to the Course		
0830 – 0900	Principles of Simulation	1230 – 1300	Lunch
0900 – 1030	First Simulation Session Basic Airway Workshop	1300 – 1430	Third Simulation Session
1030 – 1100	Break	1430 – 1500	Break
		1500 – 1600	Testing Simulation Sessions and Course Debrief
